TO RATIFY BOARD'S RESOLUTION (S)

To ratify the Board's resolutions passed by the Directors by way of circulation under clause 78 of the Articles of Association of the Company since the holding of the last meeting i.e. 03-01-2023.

SUBSEQUENT MATERIAL EVENTS

The Board Meeting for the approval of Audited Accounts for the year ended June 30, 2019 was also convened and the Annual General Meeting of the Shareholders of the Company took place on 28-01-2022 at 02.00 PM.

- ii) Under the Scheme of Arrangement new Bank Accounts were opened with Habib Bank Limited, Circular Road, Faisalabad. Uptil the signing of this report, an amount of Rs.653.758 million was adjusted against the total principal liability of the company. Sponsors loan at Rs.350 million was also deposited in HBL Account and the same was subordinated to the total loans of the banks. Sponsors have sold their own shareholding to an investor to generate funds for the company.

- iii) The company has started its normal operations and with the Grace of Almighty, the company is on track and following the road map set under the approved scheme of arrangement.

FUTURE PROSPECTS

- 1) The next year i.e 2021-22 was under liquidation period and Company was not operational during that period. No production will be achieved until the revival of the Company. The revival took place with the reversal of the order by Honourable Lahore High Court Lahore dated 29-10-2021. However, presently country is passing through a politically uncertain phase that is resulting into unstable currency rates and a decline in exports. Although challenges are high yet we are committed to performing in the best possible manner and adding value to our stakeholders to meet the long-term goals of the Company. After the reversal of the winding up of the company, the management has started routine maintenance of the machines and now no major capital investment is required.
2. Working Capital required during initial years have also been arranged through sponsors' loan, the sale of non-core assets of the company and banks are also committed to providing fresh export-based working capital limits as per requirements.
3. The company has a huge production capacity and due to limited working capital arrangements during the initial years entire capacity cannot be used for its own exports/sales. Therefore; the management has planned to run the available capacity on a toll manufacturing basis. The company has a good reputation for quality products. With the Grace of the Almighty, the management has achieved the planned/desired production capacity utilisations under different segments.
4. Now with the approval of the revival Scheme, a realistic assumptions-based repayment schedule on the basis of the actual repayment capacity of the company has been worked out with all lender banks/DFIs of the company. During the next 14 years, no heavy markup like in the past is required to be paid by the company. The intensive litigation of the banks against the company has come to an end. Now, the management will be in a better position to focus on production/sales and to repay the debt of the company as per schedule. The company has complied with all its financial obligations under the newly approved scheme of arrangements.

EXPLANATION TO AUDITORS' OBSERVATIONS

- (i) Redemption of preference shares liabilities has been settled in the Scheme of Arrangement as under
- I. Each of the following Lenders currently hold preference shares of the following outstanding amounts (based on the share's face value):

Lenders	Paid-up and outstanding amount of preference Shares at Face Value
Habib Bank Limited	PKR 100,000,000
Askari Bank Limited	PKR 100,000,000
National Bank of Pakistan	PKR 100,000,000

- II. The abovementioned amounts will be repaid to each of the Lenders (and any other preference shareholders) in equal quarterly installments (over a three (3) year period commencing from the first calendar quarter end to occur after the repayment of the total Principal Debt in 14 years.
- III. Some of the preference shareholders are in litigation with the company on the conversion formula. As the matter is under litigation therefore till the outcome of the case preference share cannot be converted into ordinary shares hence diluted EPS cannot be calculated.
- (ii) No deferred tax liability has been provided during the year due to available accumulated tax loss and tax credits.
- (iii) The auditor has circulated the maximum letters to the creditors out of which more than 60% direct confirmation was received by them. However, due to old balances, some remain unverified. Keeping in view of the prudence the company has not written back old balances.
- (iv) The company has properly disclosed the outstanding liability.

- (v) In view of the Scheme of Arrangement no accrual of markup is required and a copy of the same is provided to the auditors. Refer to Note no 40
- (vi) The company was under liquidation and the joint liquidator has to operate under the instruction of the court therefore this revaluation was carried out at that particular date by them.
- (vii) To fulfill the daily requirements of the company the Joint Official Liquidator has rented some of the key assets. They did not carry out the valuation at that time. However, the company management now disclosed the assets under investment property as per the requirement of the IAS.
- (viii) The physical verification of stocks, Cash in hand, and others could not be done due to the liquidation of the company.
- (ix) The company is hopeful that it will receive the outstanding amount. The company's management is now following up with the customer for the recovery. Therefore, need no adjustment in these balances.
- (x) Management is confident that they will either get these amounts received or will get these adjusted against future liabilities towards the tax department so no adjustment was passed in the accounts.
- (xi) The physical verification of stocks, Cash in hand, and others could not be done due to the liquidation of the company.

CORPORATE SOCIAL RESPONSIBILITY

Because of the liquidation of the Company in the year under report, the disclosure of the above-said information is ignored in these Accounts

PATTERN OF SHAREHOLDING

The pattern of shareholding as at June 30, 2020, including the information under the code of corporate governance for ordinary and non-voting cumulative preference shares, is annexed.

BOARD OF DIRECTORS AND THEIR MEETING

Because of the liquidation of the Company the powers of the Board existing at the time of liquidation order has been ceased under Section 365 of the Companies Act, 2017 therefore no meeting was conducted.

AUDIT COMMITTEE

Because of the liquidation of the Company in the year under report, Audit Committee was not functional.

CODE OF CORPORATE GOVERNANCE

Provisions of the code of Corporate Governance were not applicable in view of the liquidation of the Company in the year under report.

AUDITORS

- I. The Ex-Joint Official Liquidators have sought permission from Honorable Lahore High Court Lahore dated 06-03-2020 for carrying out an Audit of Accounts of Liquidation period i.e July 1st, 2019 to January 07, 2020, from the Auditors M/s. Rahman Sarfaraz Rahim Iqbal Rafiq, Chartered Accountants, Lahore has already been appointed by the court for the said period.
- II. The Board also recommended the appointment of an External Auditor to M/s. RSM Avais Hyder Liaquat Nauman, Chartered Accountants, Faisalabad for the next financial years 2021, 2022, and 2023.

ACKNOWLEDGEMENT

The board of directors places on record its appreciation for the support of the shareholders, government agencies, and financial institutions.

بورڈ کی قراردادوں کی توثیق:-

گذشتہ میٹنگ 03-01-2023 کے انعقاد کے بعد کمپنی کے آرٹیکلز آف ایسوسی ایشن کی شق 78 کے تحت سرکولیشن کے ذریعے ڈائریکٹرز کی قراردادوں کی حاصل کردہ منظوری کی توثیق کرنا۔

نمایاں واقعات:-

- (i) آڈٹ شدہ حسابات برائے سال 30 جون 2019ء کو اپنانے کیلئے بورڈ اجلاس ہوا اور کمپنی حصہ داران کا اجلاس مورخہ 28-01-2019 بوقت دو بجے شام منعقد ہوا۔
- (ii) بندوبست کی گئی سکیم کے تحت نئے بینک اکاؤنٹس حبیب بینک سرکلر روڈ فیصل آباد میں کھولے گئے جس میں اس رپورٹ کے دستخط ہونے تک 653-758 روپے ملین کمپنی کی پرنسپل واجبات کی مد میں ایڈجسٹ کئے گئے۔ سپانسرز نے 350 ملین روپے حبیب بینک میں جمع کروا دیئے ہیں جو کمپنی کے تمام قرضہ جات کی دوسری درجہ میں شمار ہوگا۔ کمپنی کیلئے فنڈز کی دستیابی کے لئے سپانسرز نے ایک انویسٹر کو اپنے شیئر فروخت کر دیئے ہیں۔
- (iii) اللہ تعالیٰ کے فضل و کرم سے کمپنی نے کاروباری سرگرمیاں شروع کر دی ہیں اور کمپنی بندوبست کی گئی سکیم کے متعین کردہ راستے پر چل پڑی ہے۔

مستقبل کا کیفیت نامہ:-

- (1) اگلے مالی سال 2021-22 میں زیر تحلیل ہونے کی وجہ سے کمپنی کا کاروباری سرگرمیاں نہ ہیں۔ کمپنی کی بحالی ہونے تک کوئی پروڈکشن حاصل نہ کی گئی ہے۔ مورخہ 29-10-2021 کو لاہور ہائی کورٹ کے تحلیل کرنے کے حکم کو منسوخ کی بعد سرگرمیاں شروع کی گئیں۔ تاہم موجودہ صورت حال میں ملک سیاسی طور پر اور کمزور کرنسی ریٹ کی وجہ سے ایکسپورٹ میں کمی دیکھی گئی۔ اگرچہ مقابلہ سخت ہے تاہم بہتر انداز میں ممکنہ حد تک کمپنی کے مقاصد کو پورا کرنے کے خواہاں ہے ہیں۔ کمپنی کے تحلیل کرنے کے حکم کی منسوخ کے بعد انتظامیہ نے مشینوں کی دیکھ بھال شروع کر دی ہے اور اب کوئی بڑی سرمایہ کاری کی ضرورت نہیں ہے۔
- (2) ابتدائی طور پر سرمایہ کی ضرورت کو سپانسرز کے قرضہ اور غیر پیداواری اثاثوں کی فروخت سے حاصل کر لیا ہے۔ بینکوں نے ضرورت کے مطابق برآمدی آرڈرز کے لئے سرمایہ فراہم کرنے کا وعدہ بھی کیا ہے۔
- (3) سرمایہ کی کمی کے باعث برآمدی آرڈرز دستیاب شدہ پروڈکشن کی صلاحیت کے پیش نظر حاصل نہ کی گئی ہے۔ اس لئے انتظامیہ نے دستیاب شدہ پروڈکشن کو دوسرے گاہکوں کے لئے مہیا کرنے کا فیصلہ کیا ہے۔ کمپنی کی اعلیٰ معیار کی مصنوعات بنانے کی شہرت یافتہ ہے۔ اللہ تعالیٰ کے فضل و کرم سے کمپنی نے مختلف پیداواری مراحل پر مشتمل پیداواری صلاحیت حاصل کی ہے۔
- (4) بندوبست کی گئی سکیم کے تحت اب حقیقت پر مبنی قرضوں کی ادائیگی اور دستیاب پروڈکشن صلاحیت کو بروئے کار لانے کے لئے عملی جامع کا منصوبہ قرض فراہم کرنے والے بینکس اور مالیاتی اداروں کو دے دیا ہے آنے والے چودہ سالوں میں ماضی کی طرح بھاری سونہیں ادا کیا جائے گا۔ تھکا دینے والے عدالتی معاملات اب ختم ہو گئے ہیں اب انتظامیہ بہتر طور پر یکسوئی سے پیداواری صلاحیت اور فروخت کی کے معاملات پر توجہ دیگا تاکہ قرضوں کی ادائیگی طے شدہ شیڈول کے مطابق ہو۔ بندوبست کی گئی سکیم کے تحت قرضوں کی ادائیگی کے منصوبہ پر انتظامیہ نے عملی جامہ پہنا لیا ہے۔

آڈیٹرز کے خدشات پر وضاحت:-

- 1- ترجیحی حصص کی ذمہ داریوں کا ازالہ بندوبست کی گئی سکیم میں حسب ذیل کیا گیا ہے۔
- (i) مندرجہ ذیل قرض دہندگان میں سے ہر ایک پر فی الحال درج ذیل بقایا رقم کے ترجیحی حصص رکھتا ہے۔ (حصص کی قیمت کی بنیاد پر)
- قرض دینے والے
- فیس ویلیو پر ترجیحی حصص کی ادائیگی اور بقایا رقم

حبیب بینک لمیٹڈ	100,000,000/- پاکستانی روپے
عسکری بینک لمیٹڈ	100,000,000/- پاکستانی روپے
نیشنل بینک آف پنجاب پاکستان	100,000,000/- پاکستانی روپے

- (ii) مذکورہ بالا رقم ہر ایک ترجیحی شیئر پر قرضہ دینے والوں کو یا اسی طرح ترجیحی شیئر رکھنے والوں کو تین برابر کی اقساط میں پرنسپل قرضہ 14 سال میں ادا ہونے کے بعد تین سال بعد ادا کی جائیگی۔

کچھ ترجیحی حصہ داران نے کنورشن فارمولا کو عدالتوں میں لے گئے ہیں۔ چونکہ یہ معاملہ عدالتوں میں ہے۔ اس لئے حتمی فیصلہ تک ترجیحی شیئرز عام شیئرز میں تبدیل نہیں ہو سکتے اس لئے DILUTED EPS وضع نہیں کی جاسکتی۔

- (2) دسیتاب مجموعی نقصان اور ٹیکس کریڈٹ کے پیش نظر ڈیفیڈ ٹیکس کی رقم مہیا نہیں کی گئی ہے۔

- (3)۔ آڈیٹرز نے میکسم خطوط بیلنس کنفرمنس کے لئے کریڈٹرز بھیجے ہیں جس میں سے 60% کنفرمنس موصول ہوگی ہیں تاہم پرانی رقوم اور کچھ خطوط کے جوابات موصول نہیں ہوئے اس بنیاد پر کمپنی نے پرانی رقوم کے بیلنس ختم نہیں کئے ہیں۔
- (4)۔ ادا کرنے والی رقوم کو مناسب طور پر دکھایا گیا ہے۔
- (5)۔ بندوبست کی گئی سکیم کی وجہ سے مارک اپ کی رقم مہیا نہیں کی گئی۔ یہ سکیم آڈیٹرز کو مہیا کر دی گئی ہے تھی۔ بحوالہ نوٹ نمبر 40۔
- (6)۔ زیر تحلیل کمپنی کو لیکوڈ نیٹرز عدالت عالیہ کے تحت چلانا تھا اس وجہ سے اثاثوں کی ری ویلیو ایشن ایک مقررہ وقت پر ہونا ہے۔

INDEPENDENT AUDITOR'S REPORT

To the members of Chenab Limited

Report on the Audit of the Financial Statements

Qualified opinion

We have audited the annexed financial statements of Chenab Limited (the Company), which comprise the statement of financial position as at June 30, 2020, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion, except for the effects of the matters described in *Basis for Qualified Opinion* section of our report, the statement of financial position, statement of profit or loss, statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2020 and of the loss, comprehensive loss, the changes in equity and its cash flows for the year then ended.

Basis for Qualified Opinion

- a) The company had issued cumulative, redeemable preference shares of Rs.800 million containing put option (note 4) and has not complied with the requirement of IFRS-9 with respect to accounting treatment of Compound Financial instruments including in prior years, which constitutes a departure from the said IFRS. Preference shares with a put option carries the dilutive effect as per IAS 33 - Earnings per Share. The above mentioned accounting treatment restricts the true and fair presentation of the financial statements;
- b) The deferred tax liability of Rs. 54.34 million has not been provided in the financial statements. Had the deferred tax liability been provided, the loss for the year would have been increased by Rs. 54.34 and accumulated loss by Rs. 54.34 million.
- c) 'Trade creditors' include old outstanding balances amounting to Rs. 332.49 million. We could not verify the liability through direct confirmations or by applying alternate audit procedures. The effect of adjustment, had the liability been verified, could not be determined;
- d) Security deposit includes an amount of Rs. 10.23 million which has not been kept in a separate bank as required under section 217 of the Companies Act, 2017;
- e) As discussed in detail in note 14 to the financial statements, the Company has not provided markup, since July 2011 in respect of certain long term financing and short term borrowings. The quantum of adjustment, had the markup been provided, and its impact on liabilities and the statement of profit or loss of the Company could not be determined;
- f) The company has stated property plant and equipment at the revaluation in the statement of financial position. The company has not revalued its assets as per requirements of paragraphs 31 and 34 of

IAS-16. The quantum of adjustment, had the revaluation been made, could not be determined. Further, impairment testing has not been carried out as per requirements of paragraph 12 of IAS-36 'Impairment of Assets' in view of adverse effect on the operational activities. Any impact of the same on assets, liabilities and on the statement of profit or loss of the Company could not be determined.

The company has neither maintained updated fixed asset register nor any policy to conduct periodic physical verification of fixed assets is followed. Due to above reasons, the existence, completeness and valuation of the property and equipment could not be verified;

- g) During the year the company has transferred certain properties from property plant and equipment to investment property due to the change in use. The said transfer is made at written down value instead of fair value as against the requirements of paragraph 61 of IAS-40 "Investment property". The quantum of adjustment, had the revaluation been made, could not be determined;
- h) We could not observe the physical verification of Stores, spare parts and Loose tools and Stock in trade, amounting to Rs. 28.74 million and Rs. 0.23 million respectively as we were appointed after the year end. We could not satisfy ourselves as to existence and valuation of stocks and stores through application of alternate audit procedures.
- i) Trade debts of Rs. 25.36 million and advances to suppliers of Rs. 18.85 million respectively are long outstanding. We have not received direct confirmations of balances. The balances in our opinion are impaired against which no provision has been made. Had the provision been made, the loss for the year would have been increased by Rs. 44.21 million and accumulated loss by Rs. 44.21 million;
- j) 'Tax refunds due from Government' includes refundable balances of Rs. 10.55 million which in our opinion is no more refundable and no adjustment in the financial statements have been made. Had the adjustment been made the loss for the year would have been increased by Rs. 10.55 and accumulated loss by Rs. 10.55 million;
- k) We could not observe the physical verification of Cash in hand at the end of the year as we were appointed after the year end. We could not satisfy ourselves about existence of cash in hand by applying alternate audit procedures.

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Material Uncertainty relating to Going Concern

The Company suffered financial difficulties. These condition as set forth in Note 1.3, indicate the existence of a material uncertainty which may cast significant doubt about the company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Emphasis of Matter-Subsequent Event

We draw attention to Note 40 of the financial statements, which discloses the occurrence of significant event subsequent to the statement of Financial Position date. Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement in this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- (a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- (b) the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- (c) investments made, expenditures incurred and guarantees extended during the year were for the purpose of the Company's business; and
- (d) no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

Other Matter

The financial statements of the Company for the year ended June 30, 2019, were audited by another firm of chartered accountants who expressed disclaimer of opinion on those financial statements on January 03, 2023.

The engagement partner on the audit resulting in this independent auditor's report is Hamid Masood.

- 1.2** Pursuant to schemes of arrangement approved by the Honorable Lahore High Court, Lahore, assets, liabilities and reserves of Faisal Weaving (Private) Limited, Latif Weaving (Private) Limited and Chenab Finishing (Private) Limited were merged with the Company with effect from December 31, 1998 and assets, liabilities and reserves of Chenab Fibers Limited were merged with the Company with effect from April 01, 2003.

- 1.3** The Company has incurred net loss of Rs.96.58 million. As at June 30, 2020 the accumulated loss of the Company is Rs.9,205.46 million and the current liabilities exceed its current assets by Rs. 9,875.94 million. The Company has not redeemed preference shares on exercise of put options for three consecutive years by holders of preference shares due to tight cash flow situation. The Company has not been able to comply with terms of certain loan agreements. The company was wound up by the order of Honorable Lahore High Court dated July13, 2017 due to application filed by one of the creditor because of breach of debt covenants. The company preferred an appeal before the Honorable Supreme Court against this order but leave of appeal was not granted and dismissed vide order dated January 08, 2019 and official liquidator was appointed under the winding up order. SECP has initiated proceedings for investigations under the U/S-257 of Companies Act 2017,(Section 265 of the repealed Companies Ordinance, 1984.) The company has challenged the order and the Honourable Lahore High Court has stayed the proceedings.

The sponsors of the Company filed a Scheme of Arrangement before Lahore High Court Lahore on January 20, 2021 u/s 279 to 283 and 285(8) of companies Act, 2017 for reversal of winding up order whereupon a meeting was held on February 22, 2021 by the Share holders and Secured creditors of the company under the Chairmen ship of lawyers duly appointed by the Honorable Lahore High Court Lahore. 100% contributories/shareholders and 90.40% Secured Creditors approved the said scheme of arrangement. Which was approved by the Court on September 14, 2021 and subsequently the Court issued Reversal of winding up order dated October 29, 2021 and Company was handed over to the management.

According to Scheme of Arrangement the breakup of Principal Debt owed to each of the Lenders individually is bifurcated in the Tier 1 Debt consisting of Rs. 4,737,486,364/- and Tier 2 debt of Rs.4,737,486,364/- aggregated to Rs.9,474,972,728/-. Tier 1 debt shall be repaid in seven and half (7.5) years from the effective Date. The Tier 2 debt shall be repaid in six and a half (6.5) years from the earlier of (i) the date on which the Tier 1 Debt is repaid, and (ii) the date by which Tier 1 Debt is required to be repaid as per repayment schedule agreed under scheme of arrangement.

The Company shall pay the Principal Debt and Mark-Up to the Agent Bank and the Agent Bank shall pay each lenders it's pro-rata share of such repayments.

However, upon approval of scheme of arrangement by the lenders/financial institutions the management is confident that it's implementation will result in improvement in the financial and operational condition of the Company are discussed below:

(a) Disposal of non-core assets

The management is committed to dispose off non core assets, within the grace period of one year from the effective date on which scheme of arrangement will be approved. Disposal proceeds of non core assets of Rs 1.4 Billion will result in payment of loan amounts as well as injection in the working capital of the company for carrying out it's operations.

(b) Settlement / rescheduling of loans / finances with lenders

As per scheme of arrangement lenders/ financial institutions payment of principal is proposed over the course of 14 years from the effective date. This will improve the financial health and also settle all the disputes with the lenders/financial institutions.

(c) Additional Working Capital facility

The company required the running facility for managing it's working capital in two consecutive years as proposed under the scheme of arrangement.

(d) Induction of fresh equity

Sponsors will arrange an injection of fresh equity through the sale of personal shares into the company by realizing Rs. 350 Million as per Scheme of arrangement.

The above mentioned proposals will help to overcome the financial and operational problems of the Company. Considering management's plans and adherence to facilities approved under the arrangement as discussed in para (a) to (d) above, management is confident that the Company will be able to continue as a going concern.

- 1.4** The Company has not carried out any commercial activity during the year due to winding up order and appointment of liquidator.
- 1.5** These financial statements are presented in Pak Rupee, which is the Company's functional and presentation currency.
- 1.6** All the significant transactions and events that have affected the company's financial position and performance during the year have been appropriately disclosed in respective notes.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS's) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS's, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 Application of new and revised International Financial Reporting Standards (IFRSs)

2.2.1 Standards, amendments to standards and interpretations becoming effective in current year

The following standards, amendments to standards and interpretations have been effective and are mandatory for financial statements of the Company for the periods beginning on or after July 01, 2019 and therefore, have been applied in preparing these financial statements.

IFRS 16 Leases:

IFRS 16 introduces new or amended requirements with respect to lease accounting. It introduces significant changes to lessee accounting by removing the distinction between operating and finance lease and requiring the recognition of a right-of-use asset and a lease liability at commencement for all leases, except for short-term leases and leases of low value assets. The change in definition of lease mainly relates to the concept of control. The standard determines whether the customer has the right to control the use of an identified asset for a period of time in exchange for consideration.

The impact of the application of the standard on the financial position and / or financial performance of the company is given in note 2.24.

The requirements for lessor accounting have remained largely unchanged.

- Amendments to IFRS 9 Prepayment Features with Negative Compensation

The amendments to IFRS 9 clarify that for the purpose of assessing whether a prepayment feature meets the 'solely payments of principal and interest' (SPPI) condition, the party exercising the option may pay or receive reasonable compensation for the prepayment irrespective of the reason for prepayment. In other words, financial assets with prepayment features with negative compensation do not automatically fail SPPI.

The application of amendments has no material impact on the financial statements of the company.

- Amendments to IAS 19 Employee Benefits on plan amendment, curtailment or settlement

These amendments require an entity to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling.

The change in the effect of the asset ceiling that may result from the plan amendment is determined in a second step and is recognised in the normal manner in other comprehensive income.

The standard requires to use updated assumptions from re-measurement to determine current service cash and net interest from the remainder of the reporting period after the change in the plan.

The application of amendments has no material impact on the financial statements of the company.

- **IFRIC 23 Uncertainty over Income Tax Treatments:**

IFRIC 23 sets out how to determine the accounting tax position when there is uncertainty over income tax treatments. The Interpretation requires to:

- Determine whether uncertain tax positions are assessed separately or as a group; and
- Assess whether it is probable that a tax authority will accept an uncertain tax treatment used, or proposed to be used, by an entity in its income tax filings:
 - If yes, determine accounting tax position consistently with the tax treatment used or planned to be used in its income tax filings.
 - If no, reflect the effect of uncertainty in determining accounting tax position using either the most likely amount or the expected value method.

The application of IFRIC has no material impact on the financial statements of the company.

- **Annual improvements to IFRS – Standard 2015-2017 Cycle**

The Annual Improvements include amendments to the following Standards:

- **IAS 12 Income Taxes**

The amendments clarify that an entity should recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised the transactions that generated the distributable profits.

- **IAS 23 Borrowing Costs**

The amendments clarify that if any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, that borrowing becomes part of the funds that an entity borrows generally when calculating the capitalisation rate on general borrowings.

The application of amendments has no material impact on the financial statements of the company.

2.2.2 Standards, amendments to standards and interpretations becoming effective in current year but not relevant.

There are certain amendments to standards that became effective during the year and are mandatory for accounting periods of the Company beginning on or after July 01, 2019 but are considered not to be relevant to the Company's operations and are, therefore, not disclosed in these financial statements.

2.2.3 Standards, amendments to standards and interpretations becoming effective in future periods

There are certain standards, amendments to the IFRS's and interpretations that are mandatory for companies having accounting periods beginning on or after July 1, 2020 but are considered not to be relevant or to have any significant effect on the Company's operations and are, therefore, not detailed in these financial statements, except for the following:

- **Amendments to IAS 1 and IAS 8 - Definition of Material**

The amendments are made to align the definition of 'material' across the standards and to clarify certain aspects of the definition. The new definition states that, 'Information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements.

The concept of “observing” material information with immaterial information has been included as part of the new definition.

The threshold for materiality influencing users has been changed from “Could influence” to “Could reasonably be expected to influence”.

The amendments clarify that materiality will depend on the nature or magnitude of information, or both. An entity will need to assess whether the information, either individually or in combination with other information, is material in the context of the financial statements.

The amendments are effective for accounting period beginning on or after 1 January, 2020.

The application of amendments is not expected to have a significant impact on the company's financial statements.

- **Amendments to IFRS 3 - Definition of a Business**

The amendments relates to the definition of a “business” in IFRS 3 Business Combinations to help entities determine whether an acquired set of activities and assets is a business or not.

The amendments clarify that to be considered a “business”, an integrated set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create output.

The amendments introduce an optional concentration test that permits a simplified assessment of whether an acquired set of activities and asset is not a business. Under the optional concentration test, the acquired set of activities and assets is not a business if substantially all of the fair value of the gross assets acquired is concentrated in single identifiable asset or group of similar assets.

The amendments are applicable to transactions that are either business combinations or asset acquisitions. The amendments are effective for reporting periods beginning on or after 1 January 2020.

The application of amendments is not expected to have any effect on the company's financial statements.

- **Amendments to IFRS 9, IAS 39 and IFRS 7 - Interest Rate Benchmark Reform**

The amendments include a number of reliefs, which apply to all hedging relationships that are directly affected by the interest rate benchmark reform. A hedging relationship is affected if the reform gives rise to uncertainties about the timing and/or amount of benchmark-based cash flows of the hedged item or the hedging instrument.

The amendments also introduce specific disclosure requirements for hedging relationships to which the reliefs are applied.

The amendments are effective for reporting periods starting on or after 01 January 2020.

The application of amendments is not expected to have any material impact on the company's financial statements.

- **IFRS 17 Insurance Contracts**

IFRS 17 Insurance Contracts is a new accounting standard for insurance contracts. The standard covers recognition, measurement, presentation and disclosure of insurance contracts, Once effective, the standard will replace IFRS 4 Insurance Contracts.

The standard applies to all types of insurance contracts. Overall objective of the standard is to provide an accounting model for insurance contracts covering all relevant accounting aspects.

The standard is effective for reporting periods starting on or after 1 January 2023.

The application of the standard is not expected to have any material impact on the company's financial statements.

- **The Amendments to References to the Conceptual Framework for Financial Reporting**

The IASB issued the Conceptual Framework in March 2018. It sets out a comprehensive set of concepts for financial reporting, standard setting, guidance for preparers in developing consistent accounting policies and assistance to others in their efforts to understand and interpret the standards.

The Conceptual Framework includes some new concepts, provides updated definitions and recognition criteria for assets and liabilities and clarifies some important concepts.

IASB has also issued amendments to References to the conceptual framework in IFRS,s. The amendments are intended to replace reference to a previous version of the IASB,s conceptual framework with a reference to the current version.

The amendments are effective for accounting periods beginning on or after 1 January 2020.

The application of amendments is not expected to have any material impact on the company's financial statements.

2.2.4 Standards, amendments to standards and interpretations becoming effective in future period but not relevant.

There are certain new standards, amendments to standards and interpretations that are effective from different future periods but are considered not to be relevant to the Company's operations, therefore, not disclosed in these financial statements.

2.3 Basis of preparation

These financial statements have been prepared under the "historical cost convention" except: -

- certain property, plant and equipment carried at valuation; and
- staff retirement gratuity carried at present value.

The principal accounting policies adopted are set out below:

2.4 Staff retirement benefits

The Company operates a defined benefit plan - unfunded gratuity scheme covering all permanent employees. Provision is made annually on the basis of actuarial recommendation to cover the period of service completed by employees using Projected Unit Credit Method. Cumulative unrecognised net actuarial gains and losses that exceed ten percent of present value of defined benefit obligation are amortised over the expected average remaining working lives of participating employees.

2.5 Leases – (as a lessee)

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment.

ii) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate.

Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the initial present value of lease payments, the Company uses the rate of implicit in the lease. If these rate cannot be readily determined the company uses its incremental borrowing rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset. The Company's lease liabilities are included in Interest-bearing loans.

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

2.6 Trade and other payables

Liabilities for trade and other payables are measured at cost which is the fair value of the consideration to be paid in future for goods and services received, whether billed to the Company or not.

2.7 Provisions

Provisions are recognised when the Company has a present, legal or constructive obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. However, provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

2.8 Provision for taxation

Current

Provision for current taxation is based on income taxable at the current tax rates after taking into account tax rebates and tax credits available under the law.

Deferred

Deferred tax is provided using the liability method for all temporary differences at the statement of financial position date between tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. In this regard, the effects on deferred taxation of the portion of income subject to final tax regime is also considered in accordance with the requirement of Technical Release - 27 of the Institute of Chartered Accountants of Pakistan.

Deferred tax asset is recognised for all deductible temporary differences and carry forward of unused tax losses, if any, to the extent that it is probable that taxable profit will be available against which such temporary differences and tax losses can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted at the statement of financial position date.

Deferred tax charged or credited in the statement of profit or loss, except in case of items credited or charged to equity in which case it is included in equity.

2.9 Dividend and other appropriations

Dividend is recognised as a liability in the period in which it is approved. Appropriations of profits are reflected in the statement of changes in equity in the period in which such appropriations are made.

2.10 Property, plant and equipment

Property, plant and equipment except freehold land and capital work in progress are stated at cost / revaluation less accumulated depreciation and impairment in value, if any. Freehold land is stated at revalued amount. Capital work in progress is valued at cost.

Depreciation is charged to income applying the reducing balance method at the rates specified in the property, plant and equipment note, except plant and machinery and electric installations. Plant and machinery is depreciated applying the unit of production method subject to minimum charge of Rs.10 million to cover obsolescence and electric installations are depreciated applying the straight line method over their economic serviceable life taken at 25 years.

In respect of additions and disposals during the year, depreciation is charged from the month of acquisition or capitalisation and up to the month preceding the month of disposal respectively.

Assets' residual values, if significant and their useful lives are reviewed and adjusted, if appropriate, at each balance sheet date.

When parts of an item of property, plant and equipment have different useful lives, they are recognised as separate items of property, plant and equipment.

Gains or losses on disposal of property, plant and equipment are included in current income.

All expenditure connected with specific assets incurred during installation and construction period are carried under capital work in progress. These are transferred to specific assets as and when these assets are available for use.

Surplus arising on revaluation of an item of property, plant and equipment is credited to surplus on revaluation of property, plant and equipment, except to the extent of reversal of deficit previously charged to income, in which case that portion of the surplus is recognised in income. Deficit on revaluation of an item of property, plant and equipment is charged to surplus on revaluation of that asset to the extent of surplus and any excess deficit is charged to income. The surplus on revaluation of property, plant and equipment to the extent of incremental depreciation charged on the related assets and surplus realised on disposal of revalued asset is transferred to unappropriated profit / (accumulated loss) through statement of comprehensive income.

2.11 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in the statement of profit and loss account in the period in which these are incurred.

2.12 Impairment

The Company assesses at each balance sheet date whether there is any indication that assets except deferred tax assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amounts. Where carrying values exceed the respective recoverable amounts, assets are written down to their recoverable amounts and the resulting impairment loss is recognised in profit and loss account, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease. The recoverable amount is the higher of an asset's fair value less cost to sell and value in use.

Where impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised recoverable amount but limited to the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in profit and loss account, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

2.13 Investment property

Investment property which is property held to earn rentals and / or for capital appreciation, is valued using the cost method i.e. at cost less any accumulated depreciation and any identified impairment loss.

Depreciation on investment property is charged to income on reducing balance method at the rate of 4% per annum. Depreciation on additions to investment property is charged from the month in which a property is acquired or capitalised while no depreciation is charged for the month in which the property is disposed off.

Repairs and maintenance costs are charged to income during the period in which they are incurred. Major renewals and improvements are capitalised.

Gains or losses on disposal of investment property if any, are recognised in current income.

2.14 Stores, spares and loose tools

These are valued at moving average cost less allowances for obsolete or slow moving items, if any. Items in transit are valued at cost comprising invoice value and other charges incurred thereon.

2.15 Stock in trade

Stock in trade except wastes are valued at lower of cost and net realisable value. Cost is determined as follows:

Raw material	Average cost
Work in process	Average manufacturing cost
Finished goods	Average manufacturing cost

Wastes are valued at net realisable value.

Net realisable value represents the estimated selling price in the ordinary course of business less estimated cost of completion and estimated cost to make the sales. Average manufacturing cost consists of direct materials, labour and a proportion of manufacturing overheads.

2.16 Trade debts and other receivables

Trade debts are carried at original invoice amount less an estimate made for doubtful receivables based on review of outstanding amounts at the year end. Balances considered bad are written off when identified. Other receivables are recognised at nominal amount which is fair value of the consideration to be received in future.

2.17 Cash and cash equivalents

Cash and cash equivalents are carried in the balance sheet at cost. For the purpose of cash flow statement, cash and cash equivalents consist of cash in hand, balances with banks, highly liquid short term investments that are convertible to known amount of cash and are subject to insignificant risk of change in value.

2.18 Foreign currency translation

Transactions in currencies other than Pakistani Rupee are recorded at the rates of exchange prevailing on the dates of the transactions. At each statement of financial position date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the statement of financial position date except where forward exchange contracts have been entered into for repayment of liabilities, in that case, the rates contracted for are used.

Gains and losses arising on retranslation are included in net profit or loss for the period.

2.19 Financial instruments

2.19.1 Financial assets

The Company classifies its financial assets at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of the Company's business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

- Financial assets at amortised cost

Financial assets at amortised cost are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Interest income from these financial assets, impairment losses, foreign exchange gains and losses, and gain or loss arising on derecognition are recognised directly in profit or loss.

- Financial assets at fair value through other comprehensive

Financial assets at fair value through other comprehensive income are held within a business model whose objective is both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- Financial assets at fair value through profit or loss.

Financial assets at fair value through profit or loss are those financial assets which are either designated in this category or not classified in any of the other categories. A gain or loss on debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss in the period in which it arises.

Financial assets and liabilities are initially measured at cost, which is the fair value of the consideration given and received respectively. These financial assets and liabilities are subsequently remeasured to fair value, amortized cost or cost as the case may be. Any gain or loss on the recognition and de-recognition of the financial assets and liabilities is included in the profit or loss for the period in which it arises.

Equity instrument financial assets are measured at fair value at initial recognition and subsequent to initial recognition. Changes in fair value of these financial assets are normally recognised in profit or loss. Dividends from such investments continue to be recognised in profit or loss when the Company's right to receive payment is established. Where an election is made to present fair value gains and losses on equity instruments in other comprehensive income there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment.

Financial assets are derecognised when the rights to receive cash flows from the assets have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership. Assets or liabilities that are not contractual in nature and that are created as a result of statutory requirements imposed by the Government are not the financial instruments of the Company.

The Company assesses on a forward looking basis the expected credit losses associated with its financial assets carried at amortised cost and fair value through other comprehensive income. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables, the Company applies the simplified approach, which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company recognises in profit or loss, as an impairment gain or loss, the amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date.

2.20 Offsetting of financial asset and financial liability

A financial asset and a financial liability is off-set and the net amount reported in the balance sheet, if the Company has a legal enforceable right to set-off the transaction and also intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

2.21 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business.

Sale of goods is recognised at a point in time when control of goods is transferred to customers.

Revenue from conversion receipts is recognised when services are rendered.

2.22 Related party transactions

Transactions with related parties are priced on arm's length basis. Prices for these transactions are determined on the basis of comparable uncontrolled price method, which sets the price by reference to comparable goods and services sold in an economically comparable market to a buyer unrelated to the seller.

2.23 Critical accounting estimates and judgments

The preparation of financial statements in conformity with IASs / IFRSs requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised.

Significant areas requiring the use of management estimates in these financial statements relate to the useful life of depreciable assets, provision for doubtful receivables and slow moving inventory, staff retirement gratuity and estimate relating to provision for both current and deferred taxation. However, assumptions and judgments made by management in the application of accounting policies that have significant effect on the financial statements are not expected to result in material adjustment to the carrying amounts of assets and liabilities in the next year.

2.24 Changes in Accounting Policies

The Company has adopted IFRS-16 "Leases" which replaces existing IAS-17 "Leases".

The Company has applied IFRS 16 using the full retrospective approach, in accordance with IAS 8 "Accounting Policies, changes in Accounting estimates and errors" for initial application of IFRS-16.

The impact of the adoption of IFRS 16 on the Company's financial statements is described below:

<u>80,000,000</u>	<u>80,000,000</u>	Cumulative preference shares of Rs. 10/- each fully paid in cash.	<u>800,000,000</u>	<u>800,000,000</u>

4.1 The preference shares are non-voting, cumulative and redeemable. These are listed on Pakistan Stock Exchange. The holders are entitled to cumulative preferential dividend at 9.25% per annum on the paid up value of preference shares. In case profits in any year are insufficient to pay preferential dividend, the dividend will be accumulated and payable in next year.

4.2 In case the Company fails to redeem cumulative preference shares upon exercise of put options by the holders for any two consecutive years, the holders were entitled to convert the cumulative preference shares into ordinary shares at a price equal to lower of:

- 75% of market value of shares or
- 75% of book value (break up value) or
- face value of shares

The date to exercise put options have been expired on September 25, 2010.

4.3 The holders of 55,080,498 cumulative preference shares called upon to convert preference shares into ordinary shares due to non-redemption of their holding on exercise of put options for two consecutive years. The Company proposed to issue new ordinary shares to preference shareholders holding 49,984,998 cumulative preference shares who have called upon to convert their shares, as per conversion formula laid down in the Prospectus (Refer above 4.2) and Articles of Association of the Company. SECP has initiated proceedings in the court of district and session judge at Karachi alleging trading activities of shares of the company in the manner prohibited under section 17 of Securities and Exchange Ordinance 1969. Since the subject matter of value for conversion of preference shares into ordinary shares is subjudice, the management will issue new ordinary shares on the disposal of the case filed by SECP. The matter of conversion of balance 5,095,500 cumulative preference shares is also pending till the resolution of matter in the court.

4.4 However as per scheme of arrangement approved by Honorable Lahore High Court subsequent to the statement of financial position date, redemption of preference shares shall be as under:-

I. Each of the following Lenders currently hold preference shares of the following outstanding amount (based on the shares face value).

Lenders	Paid-up and outstanding amount of preference Shares at Face Value
Habib Bank Limited	PKR 100,00,000
Askari Bank Limited	PKR 100,00,000
National Bank of Pakistan	PKR 100,00,000

II. The above mentioned amounts will be repaid to each of the Lenders (and any other preference shareholder) in equal quarterly installments (over a three (3) year period commencing from the first calendar quarter end to occur after the repayment of the total Principal Debt in 14 years.

The loans are secured against first charge over fixed assets of the Company ranking pari passu with the charges created in respect of export and running finances (Refer Note 13.2) and Murabaha finances (Refer Note 13.3). These are further secured by personal guarantee of directors of the Company.

The Company is facing financial and operational problems. As part of its long term plan to overcome these problems, the management has filed applications to its bankers / financial institutions to reschedule the existing long term and short term borrowings along with outstanding mark up thereon and to convert the entire outstanding liabilities into non serviceable loans / loans subject to reduced rate of mark up for a reasonable period of time. Subsequently scheme of arrangement with the lenders for rescheduling of borrowing, was approved whereby entire borrowing is rescheduled over the course of 14 years (refer note 39.5) and past markup has been waived off therefore, no provision for markup has been made.

It is secured against first charge over fixed assets of the Company.

9.3 These are interest free. These loans are recognised at amortised cost. Loans amounting to Rs 61.79 million (2019: Rs. 53.42 million) were repayable in lump sum after June 30,2020. Using prevailing market interest rate for an equivalent loan of 10.12% for loans payable after June 30, 2020 the fair value of these loans is estimated at Rs. 63.73 million (2019: Rs 63.73 million). The difference of Rs. 1.94 million (2019: Rs 10.31 million) between the gross proceeds and the fair value of these loans is the benefit derived from the interest free loans and is recognised as deferred revenue.

Subsequent as per Scheme of arrangement

- 9.4** According to Scheme of Arrangement the breakup of Principal Debt owed to each of the Lenders individually (that involves long term financing, short term borrowing and lease liabilities) is bifurcated into two equal portions as Tier 1 Debt and Tier-2 Debt each of Rs. 4,737,486,364/- aggregating to Rs.9,474,972,728/-.

Tier 1 Debt shall be repaid in seven and half years from the effective date September,14-2021. Tier 2 Debt shall be repaid in 6 and half years after Tier 1. Tier 1 Debt and Tier 2 Debt is to be paid in quarterly installments on the last day of each calendar year i.e March 31st, Jun, 30 September, 30 and 31st December.

The first year after the effective date shall be a grace period subject to any repayment during the first year from proceeds of sale of non core assets as described in the scheme.

The Company shall pay the 75% of disposal proceeds realized from the disposal of non core assets to the Agent bank and the Agent Bank shall pay each lenders it's pro-rata share of such repayments and the balance 25% of proceeds will be injected as working capital for operations of the company.

Thereafter, the company shall make the payments of Principal and Mark-Up from it's own resources to the Agent Bank which shall pay each lenders it's pro-rata share of such repayments as elucidated under the Scheme of Arrangement.

The past Mark up and the initial tier 2 Debt shall be waived off by the lenders if the Principal Debt (Tier-1 and Tier-2) and Mark-Up (Tier-1 Debt markup and Subsequent Tier-2 Debt markup) are paid timely and in accordance with the repayment Schedule under scheme of Arrangement. However, in case of any default in making all or any of payments stated above, full amount of such waived amounts (Past markup and Initial Tier-2 markup) shall stand due and become payable.

11.1 Staff retirement gratuity

11.1.1 General description

The scheme provides terminal benefits for all employees of the Company who attain the minimum qualifying period of service as defined in the scheme. Annual charge is based on actuarial valuation using the Projected Unit Credit Method. Latest actuarial valuation is carried out as at June 30, 2020.

11.1.2 Balance sheet reconciliation as at June 30,

Present value of defined benefit obligation		<u>17,759,106</u>	<u>18,475,005</u>
---	--	-------------------	-------------------

11.1.3 Movement in net liability recognized

11.1.5 Principal actuarial assumptions		
Discount factor used	8.5% Per annum	14.25% Per annum
Expected rate of increase in salaries	8.5% Per annum	14.25% Per annum
Expected average remaining working lives of participating employees	8 years	10 years

11.1.6 The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

	2020 Rupees	2019 Rupees
Current liability	17,759,106	18,475,005
+1% Discount rate	15,379,328	15,999,294
-1% Discount rate	20,803,804	21,642,440
+1% Salary increase rate	20,772,676	21,610,057
-1% Salary increase rate	15,359,010	15,978,157

11.1.7 The above sensitivity analyses are based on change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (Projected Unit Credit Method) has been applied as for calculating the liability of staff retirement gratuity.

11.1.8 the following demographic assumptions were used in valuing the liabilities under the plan.

Mortality	Adjusted SLIC 2001-05
Disability	N.A.
Withdrawal	Moderate
Retirement age	60 Years

13.1 The aggregate unavailed short term borrowing facilities available to the Company are nil (2019: Rs. nil million). Total sanctioned limits were Rs. 5.17 billion (2019: Rs. 5.17 billion) which were expired and renewable.

13.2 These are secured against first charge over current assets of the Company, lien on import / export documents and second charge over current and fixed assets of the Company. These are further secured by personal guarantee of directors of the Company and mortgage of property and corporate guarantee. Certain export and running finances are further secured against first charge over fixed assets of the Company ranking pari passu with the charges created in respect of long term financing (Refer Note 9.1) and Murabaha finances (Refer Note 13.3). Export finances of Rs. 374.13 million (2019: Rs. 374.13 million) are also secured against equitable mortgage / deposit of title deeds of personal properties of directors and an associate. The Company is facing financial and operational problems. As part of its long term plan to overcome these problems, the management has filed applications to its bankers / financial institutions to reschedule the existing long term and short term borrowings along with outstanding mark up thereon and to convert the entire outstanding liabilities into non serviceable loans / loans subject to reduced rate of mark up for a reasonable period of time. Subsequently scheme of arrangement with the lenders for rescheduling of borrowing including the short term borrowings, was approved whereby entire short term borrowing is converted into long term loan (refer note 39.5) and past markup has been waived off therefore, no provision for markup has been made.

13.3 These are secured against first charge over fixed assets of the Company ranking pari passu with the charges created in respect of long term financing (Refer Note 9.1) and export and running finances (Refer Note 13.2). These are further secured by personal guarantee of directors of the Company. The management has also filed applications to its bankers / financial institutions with respect to rescheduling of existing long term and short term borrowings along with outstanding mark up thereon and to convert the entire outstanding liabilities into non serviceable loans / loans subject to reduced rate of mark up for a reasonable period of time, hence no provision of markup has been made with respect to these finances. (Refer Note 13.2).

39.2 FINANCIAL INSTRUMENTS AND RELATED DISCLOSURES

The Company's activities expose it to a variety of financial risks (credit risk, liquidity risk and market risk). Risks measured and managed by the Company are explained below:

39.2.1 Credit risk and concentration of credit risk

Credit risk represents the accounting loss that would be recognized at the reporting date if counter parties failed completely to perform as contracted. The maximum exposure to credit risk at the reporting date is as follows:

Trade debts
Loans and advances
Deposits
Other receivables
Bank balances

2020 Rupees	2019 Rupees
25,357,484	25,589,866
637,537	637,537
8,947,685	8,979,185

12,917,307	17,565,397
<u>72,710,773</u>	<u>70,099,491</u>

Due to the Company's long standing relations with counter parties and after giving due consideration to their financial standing, the management does not expect non performance by these counter parties on their obligations to the Company.

For trade debts, credit quality of the customer is assessed, taking into consideration its financial position and previous dealings. Individual credit limits are set. The management regularly monitor and review customers credit exposure. All the customers of the Company are situated in Pakistan. The aging of trade debts as at balance sheet date is as under:

39.2.2 Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. The Company is facing difficulty in maintaining sufficient level of liquidity due to operating and financial problems being faced by the Company. Following are the contractual maturities of financial liabilities as at June 30, 2020 and 2019;

The Company's exposure to the liquidity risk is low as all of its financial obligations has been rescheduled subsequently (Refer Note 39.5) and are to be paid over the period of 14 years.

	2020 Rupees	2019 Rupees
Not past due	-	-
Past due within one year	-	-
Past due over one year	25,357,484	25,589,866
	25,357,484	25,589,866
	25,357,484	25,589,866

Based on past experience and taking into consideration, the financial position, and previous record of recoveries, the Company believes that past due trade debts do not require recognition of any impairment. The credit risk exposure is limited in respect of bank balances as bank balances are placed with local banks having good credit rating from local credit rating agencies.

39.2.3 Market risk

Market risk is the risk that changes in market prices, such as interest rates, foreign exchange rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimizing returns.

i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Majority of interest rate risk arises from long term and short term borrowings from banks. The Company is not providing markup on long term and short term borrowings. The interest rate profile of the Company's other interest bearing financial instruments is presented in relevant notes to the financial statements. (Refer note 39.5)

Subsequently as per scheme of arrangement, past markup has been waived off subject to timely payments of Principals and markup agreed under the arrangement. If the company defaults in making payments as agreed under the scheme of arrangement, company shall be liable to pay past markup as elaborated in Note no 39.5. The change in interest rate (increase / decrease) will affect the Company's income or the value of its holdings of financial instruments.

Sensitivity analysis

Sensitivity to interest rate risk arises from mismatches of financial assets and financial liabilities that mature or reprice in a given period. The Company manages these mismatches through risk management strategies where significant changes in gap position can be adjusted.

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit and loss, therefore a change in interest rates at the reporting date would not effect profit and loss account.

Cash flow sensitivity analysis for variable rate instruments

Had interest rate been increased / decreased by 1% at the reporting date with all other variables held constant, loss for the year and negative equity would have been higher / lower by Rs. Nil million (2019: Rs. 26.990 million). No impact of variation in interest rate has been considered as no mark up has been provided in these financial statements so change in interest rate has no impact on Company's income or the value of its holding of financial instruments.

ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Foreign currency risk arises mainly where receivables and payables exist due to transactions with foreign undertakings. The Company is not exposed to any currency risk.

iii) Equity price risk

Trading and investing in equity securities give rise to equity price risk. The Company is not exposed to equity price risk.

39.3 Fair values of financial instruments

The carrying values of all the financial assets and financial liabilities reported in the financial statements approximate their fair values.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

39.4 Capital risk management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

Debt is calculated as total external borrowings ('long term financing', 'liabilities against assets subject to finance lease' and 'short term borrowings' as shown in the balance sheet). Equity comprises of shareholders' equity as shown in the balance sheet under 'share capital and reserves' and subordinated long term finance from directors and net debt (net of cash and cash equivalent)

The salient information relating to capital risk management of the Group as of June 30, 2020 and 2019 were as follows:

	Note	2020 Rupees	2019 Rupees
Total debt	9,10 & 13	9,536,759,141	9,528,388,007

39.5 Overdue loans and mark up

Under Scheme of Arrangement approved subsequent to the statement of financial position date whereby the past markup has been waived off under each lender agreement subject to the condition that company makes no default in making payment of Principal (Refer Note 9.4) and markup agreed under the arrangement as described below:

The mark-up on the Tier 1 Debt shall be 5% per annum and shall start accruing from the Effective Date.

The mark-up on Tier 2 Debt shall be 3% per annum. The Initial Tier 2 Debt Mark-Up shall start accruing from the Effective Date and such accrual shall end on the earlier of (i) the date on which the Tier 1 Debt is repaid, and (ii) the date by which the Tier 1 Debt is required to be repaid.

Thereafter, the mark-up on Tier 2 Debt shall accrue at 5% per annum.

Both Tier-1 Debt markup and subsequent Tier-2 Debt markup shall be paid within 03 years after the earlier of (i) the date on which the Tier 1 Debt and tier-2 Debt is repaid, and (ii) the date by which the Tier 1 Debt and Tier-2 Debt is required to be repaid.

The Lenders shall have the sole discretion to revise the quantum and applicability of the Tier 1 Debt Mark-Up, the Initial Tier 2 Debt Mark-Up, and the Subsequent Tier 2 Debt Mark-Up.

The Past Mark-up upto the Effective Date shall be calculated by aggregating:

- Mark-up accrued but not paid under each Lenders' financing agreements as per the rate of mark-up under such financing agreement until the date of default; and,
- (from the date of default under each financing agreement up to the Effective Date) mark-up equal to the cost of funds on the outstanding principal amount under each financing agreement at the rate of the cost of funds of the relevant Lender for each financing agreement.

40. EVENTS AFTER THE STATEMENT OF FINANCIAL POSITION DATE
